# IT Infrastructure for Volunteering Organization
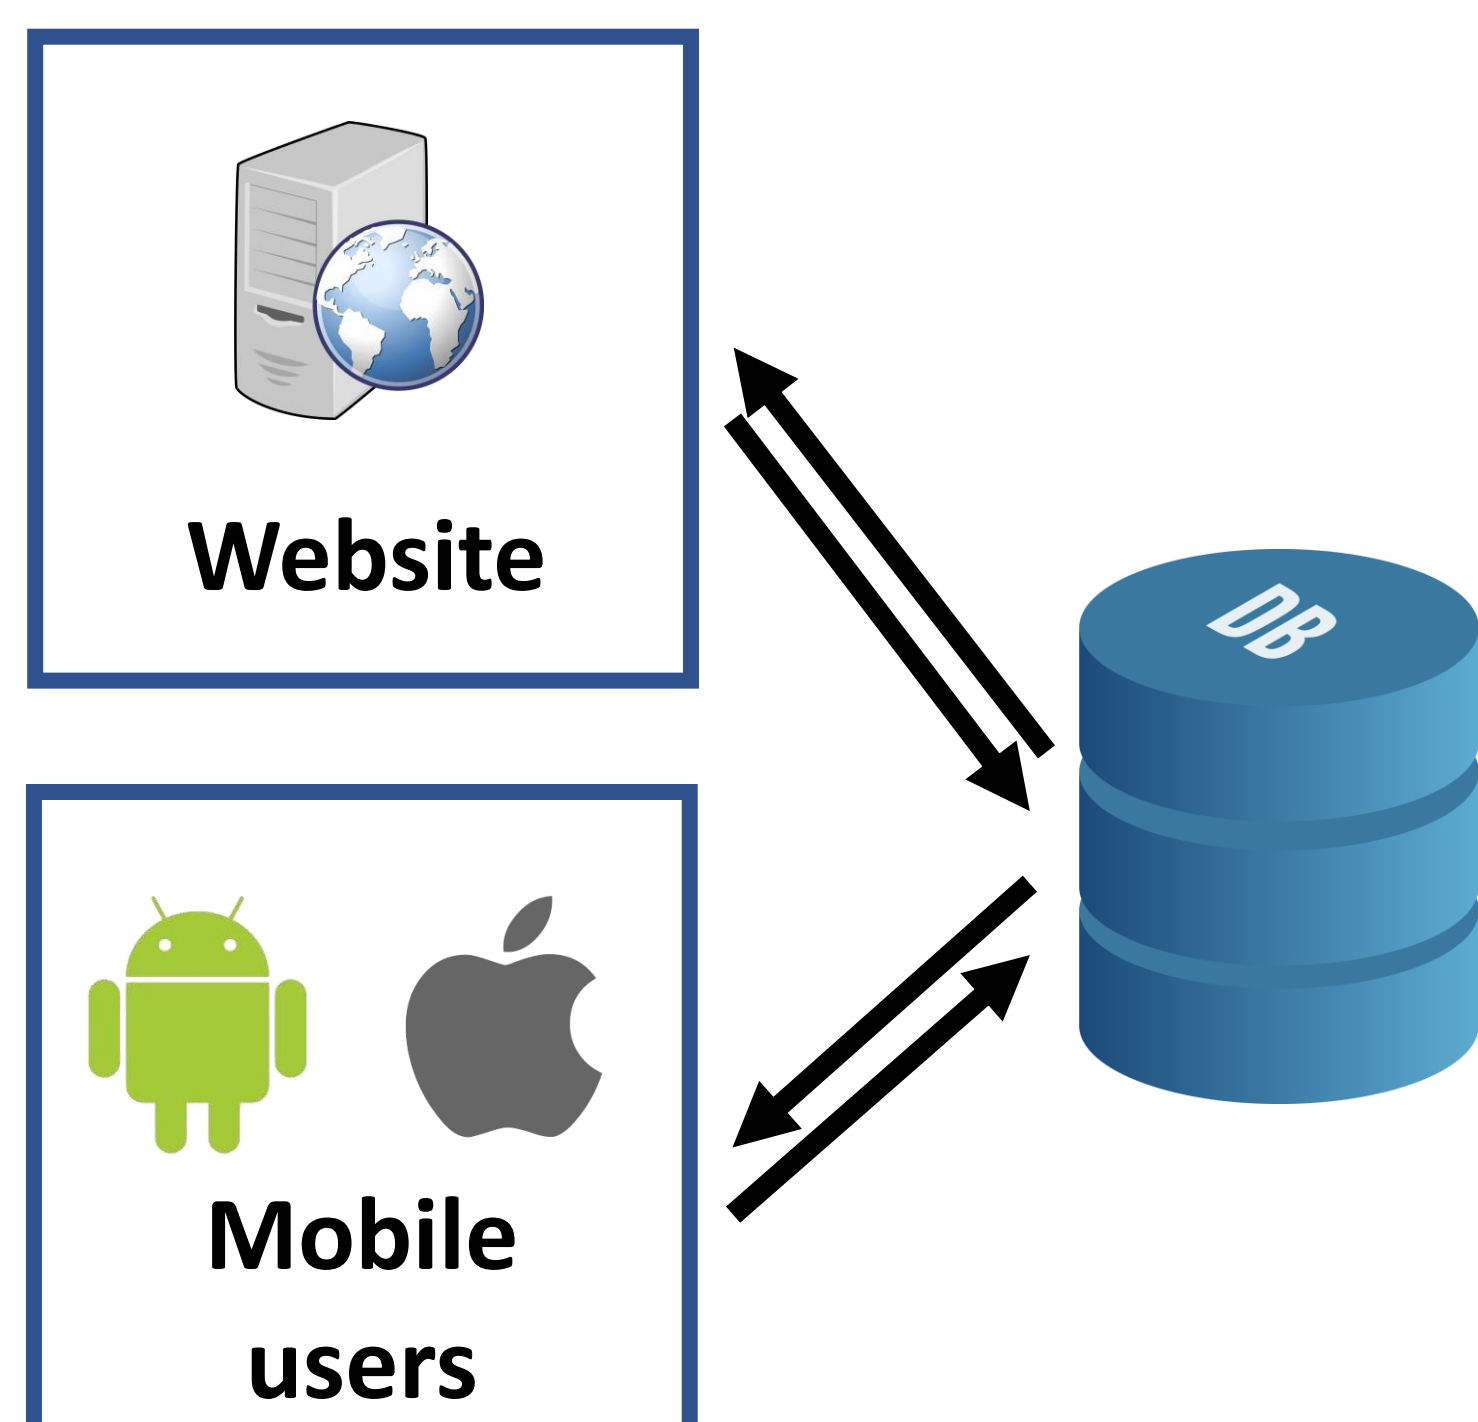

Ron Levy, Daniel Danino, Ido Segev, Lidar Ben-Porat | Supervised by Noam Shalev

Motivation

- **OneDay Social Volunteering recruits hundreds of one-time volunteers monthly**

- **The activities are various**

- **In order to expand, the association needs automatic management tools**

Website

Mobile users

DB

Contributions

- **We build an IT infrastructure to store all information related to OneDay activities**

- **Three main components**
  - **Server**
  - **Website**
  - **Mobile application**

Features

- **Online registration & confirmation**
- **Customer-Relationship Management**
- **On-demand updates and notifications**
- **Carpool**
